

# STONE TOP PROTECTOR

**Stain-proof impregnator for completely invisible water-repellent, low-odour treatment for kitchen and bathroom tops.**

**STONE TOP PROTECTOR** is a solvent-based, stain-proof impregnating agent for the completely invisible, low-odour protective and effective treatment of kitchen and bathroom tops, tables or worktops in natural or reconstituted stone against water and staining agents, and liquids such as wine or coffee or fats such as oil. **STONE TOP PROTECTOR** is certified for use with foods and therefore, can be used without problems of migration onto foods that come into contact with the treated surface.

The special formula of **STONE TOP PROTECTOR** prevents the staining agent from penetrating the material and in this way, it stops the surface from becoming stained. Any staining agent spilled on the surface can be removed quickly and easily by wiping it clean with a damp cloth. **STONE TOP PROTECTOR** is completely invisible and will not change the appearance, tone or colour of the treated surface; it does not create surface films, as it is completely absorbed, and it will not change the original breathability of the treated surface.

**STONE TOP PROTECTOR** also makes routine surface maintenance easier, as it limits a surface's ability to trap dirt, preventing it from penetrating below the surface and attaching to the material. **STONE TOP PROTECTOR** is a ready-to-use product and it is also quick and easy to apply. It is the ideal solution to protect kitchen tops but it can also be used on any other surface in stone.

## CHARACTERISTICS AND BENEFITS

- ✓ Excellent stain-proofing properties: this blocks the penetration and absorption of staining agents
- ✓ Certified for contact with foods
- ✓ High penetration capacity
- ✓ Invisible treatment with natural finish: it will not change the original tone, colour or appearance of the material
- ✓ Does not change original the breathability of the surface
- ✓ Will not yellow over time
- ✓ Quick and easy application
- ✓ Durable protection
- ✓ Drastically reduces the dirt on surfaces
- ✓ Makes cleaning and maintenance operations much simpler.

## USES

This product **can be used** on both indoor and outdoor surfaces.

**Suitable** for use on: Kitchen or bathroom tops in natural stone or agglomerates

## COVERAGE

10-15 m<sup>2</sup>/l according to the absorption level of the surface being treated

## APPLICATION EQUIPMENT

Brush, roller, lambswool applicator, cloth

## Protectors

**STONE TOP PROTECTOR** - Stain-proof impregnator for completely invisible water-repellent, low-odour treatment for kitchen and bathroom tops.

### APPLICATION STEPS

#### Preparing and cleaning the surface

1. Carefully clean the surface, making sure to remove any dust or dirt present.
2. Wait for the surface to be treated to be completely dry.
3. Any adjacent surfaces not being treated with the product must be protected.

#### Application

Before applying the product to the whole surface, always test a small, unexposed area or unused piece to check its suitability for use.

4. Apply a thick, even layer of product to cover the whole surface being treated, using the tools of choice. Make sure to create a layer that is as seamless and even as possible.
5. About 10 minutes from application, make sure there are no residues or excess product on the surface, and redistribute these as necessary, evening the coverage until they are completely removed. This operation must be scrupulously performed to achieve a dry surface completely free from surface residues.

#### Drying time

Surfaces will be dry about 1 hour from product application.

#### Opening to floor traffic

Wait at least 4 hours before using the surface.

### COMPLEMENTARY CLEANING AND MAINTENANCE PRODUCTS

## Protectors

**STONE TOP PROTECTOR** - Stain-proof impregnator for completely invisible water-repellent, low-odour treatment for kitchen and bathroom tops.

### PHYSICAL AND TECHNICAL INFORMATION

Aspect:	Liquid
Colour:	Transparent
Odour:	White spirit
Specific gravity at 20°C	800 ± 10 g/l
Flash point (ASTM D56)	23°C open vase.

### STORAGE

Keep the container tightly closed and store in a cool, dry place.

### SHELF LIFE

36 months in the original, sealed packaging, stored in a cool, dry place.

### ACCIDENTAL SPILLS

Soak up the product with an absorbent material (paper towels, sawdust, vermiculite, etc.) and dispose of it in the most suitable waste container.

### PACKAGING

- 1 l bottles - 12 bottles per box
- 5 l cans – 4 cans per box

### HAZARD IDENTIFICATION

H225	Highly flammable liquid and vapour
H304	May be fatal if swallowed and enters airways
H319	Causes serious eye irritation.
H336	May cause drowsiness or dizziness
EUH066	Repeated exposure may cause skin dryness or cracking.
P101	If medical advice is needed, have product container or label at hand.
P102	Keep out of reach of children.
P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P260	Do not breathe dust/fumes/gas/mist/vapours/spray.
P261	Avoid breathing dust/fumes/gas/mist/vapours/spray.
P370+P378	In case of fire: Use carbon dioxide, foam, chemical powder to extinguish.
